

MOTO BRAKE & PARTS CONTACT CLEANER

■ Description

Degreaser for brake discs and pads. In addition, it removes grease, oil, dirt, brake liquid and other contaminants from any part of the motorcycle, leaving the surfaces clean and dry. It acts extremely fast on the area to be treated with no need to rub and it evaporates easily without leaving any traces.

■ Properties

- Brake cleaners, clutch belts, brake shoes, paints, plastics, varnishes, rubbers, electrical circuit parts, etc.
- Its composition makes it especially suitable for cleaning all kinds of surfaces without damaging the paint, plastics or rubbers.

■ Hazard Identification

This product is classified as extremely flammable.

■ Handling

Minimum precautions should be taken to avoid prolonged contact with the skin. The use of gloves, visors or glasses is recommended to avoid splashes. Keep away from possible sources of ignition.

■ Health and safety hazards

Inhalation: Inhaling high concentrations of this product may produce adverse effects.

Ingestion: Risk of ingestion is minimal as it is a volatile product.

Contact with the skin: Wash thoroughly with soap and water.

Eyes: Wash thoroughly with water.

General measures: Seek medical advice.

■ Fire-extinguishing measures

Do not extinguish the fire until the escape is closed. Move the containers away from the fire if you can do so without risk. Apply cold water to the containers that are exposed to the flames until the fire has been extinguished.

Fire-extinguishing measures: Foams, dry chemicals, CO₂, water spray. Do not apply the jet of water directly as this could cause the product to disperse.

■ Environmental precautions

Do not allow it to reach watercourses.

Decontamination and cleaning: Cover spills with an absorbent non-combustible material and collect in suitable recipients before eliminating.

A safety information file is available on request.
